FOR YOUR PERSONALISED THERMAPEN

# HOW DOES IT WORK?

This is your guide to achieving your very own personalised Thermapen.  
These guidelines will explain what we require from you, timings, expectations and costings.  
As always, we are here to help you every step of the way!

IT'S AS EASY AS THESE SIMPLE STEPS!

**1**

Send us  
your logo/design

**2**

Select colour  
casing you require

**3**

Approve chosen  
design option

**4**

Place your printed  
Thermapen order!

## 1 Send us your logo

Please send your logo/ design to [sales@etilttd.com](mailto:sales@etilttd.com)

Ideally, this should be in vector format - eps, Ai, PDF or svg file. As this format will ensure your printed Thermapen is of the best quality.

Our sales team will contact you to inform you of any problems with your file. Jpegs, pngs, gifs and tiffs are bitmap and will not print in the same quality as the above formats.

**Please note:** Dimensions of the Thermapen ONE above. Logo/design will be placed within the printable area, shown in red above. No printing over screen or light sensor, as illustrated in the white areas above.

## 2 Select colour casing

Select your colour casing from the selection opposite.

**Please note:** If your logo/ design colour/s conflict with chosen case colour we will highlight this and provide you with an alternative colour we feel will complement your logo design.

Limited edition colours (subject to availability)

### 3 Mock up design

Once we have been supplied with the correct logo/design file and your chosen case colour/s, we will provide you with a PDF mock up giving you 2 options to choose from. Our sales team will provide you with an expected lead time.

Example mock-ups shown below

CUSTOMER > ASHLEY JAMES MEAT CO.  
Logo only design

CUSTOMER > GENEVIEVE TAYLOR  
Full case design with logo

CUSTOMER > LAURA BARNES  
Full case design

CUSTOMER > TUBBY TOMS  
Full case design

CUSTOMER > THOMAS FRANKS  
Logo only design

## 4 Place order

Once you have chosen your preferred option and confirmed design and quantity, we will get to work!

We will lay out your artwork to our jig and print your personalised Thermapen.

A sample print will then be photographed and sent via email. We require sign-off before printing the full print run. If you require a physical printed sample there will be an extra fee.

**Please note:** If colour matching is crucial to a pantone colour, please discuss this with us before placing your order as there will be an extra fee. Please bear in mind that the colour match will never be 100% accurate, however, we will endeavour to get as close as possible.
